CONGRESS OF MOTHERS

CALIF. CONGRESS OF MOTHERS AND P.-T. A. BOARD MEETING

The regular monthly meeting of the State executive board of the California Congress of Mothers and Parent-Teacher Associations was held at the Security Bank Building, Los Angeles, Wednesday, the president, Dr. Jessie A. Russell, presiding. A large attendance was present, including board members from San Diego, Orange, Anaheim, Santa Ana, Riverside, Pasadena, Los Angeles, Redondo, and many other localities. Much important business was transacted. The dates chosen for the State convention at Bakersfield are May 22, 23, 24. The Seventh District, Mrs. Walter Osborne, president, is to be hostess to the convention. Several hundred dollars have been raised for the work of the Convention Committees, and elaborate plans are under way to make the convention one of far-reaching importance. A thorough discussion was had on proposed legislative measures. The State organization endorsed the following bills which will be sent to the Women's Legislative Council of California as measures to be considered by that body:

(1) A Farm School for Southern California.

(2) An Amendment to the Community Property Law Providing for Testamentary Disposition by the Wife of Her Share of the Community Property.

(3) Amendments to the Juvenile Law.

Mrs. G. Harold Powell, Camden court, Pasadena, was appointed State Chairman of Scholarship. A committee to investigate the proposition of slides or films featuring different phases of the State work, was appointed, consisting of Mrs. Chalmers Smith, Mrs. H. N. Rowell, past State Presidents, and Dr. Jessie A. Russell, President. Reports of Federation and District Presidents showed much patriotic work being accomplished, many new associations formed, and general enthusiasm in the various departments. The president, Dr. Jessie A. Russell, leaves for the northern part of the State next week to attend a number of the meetings of the various Districts, where she appears on the program as a speaker.

AVIATOR MATERIAL

In line with the policy of the government to make no more general calls but to steadily recruit the army through the Exemption Boards and thus fill vacancies made in the camps by the forwarding of men to the front, inductions are constantly being made by the local Board.

Yesterday arrangements were made to forward to the Aviation Section at Rockwell's Field, San Diego, two men who have been with the San Fernando Fruit Growers' Association, one as manager. Their names are

Anthony Louis Franey, San Fernando,

Kenneth Lloyd Wolff, San Fernando, Cal.

They are vigorous young men who ought to make good as flyers or in fact make good in any branch of the service where steady nerves and bodily vigor are required.

HOW TO SAVE EGGS

MRS. JESSICA HAZZARD GIVES FULL INSTRUCTIONS FOR PRESERVING THEM

At the lecture Tuesday morning at the City Hall, Mrs. Jessica Hazzard said:

"Housewives should begin now to store all their surplus eggs for future use. Water glass is an easy and safe method of preserving and the families owning a few hens may begin by storing two or three eggs a day so that by the end of the season the jar of eggs will be a source of great satisfaction."

Again Mrs. Hazzard urged the planting of Milo Maize in the home gardens. This is easy of cultivation and may be planted along fences and division lines. Our vacant lot producers can give much valuable information in regard to this crop. Milo Maize yeast bread was demonstrated and although the time was too limited for baking it, one of the ladies present carefully wrapped it up and carried it home, and when baked it proved very fine indeed. The maize has a sweet, nutty flavor not found in other substitutes.

A meatless dish was baked, of rice and nuts and when tasted proved very appetizing, several of the ladies putting it down for the following day's menu at home.

The call is coming more urgently

(Continued on Page 3)

HONOR THEIR PASTOR

PRESBYTERIAN PEOPLE GIVE RECEPTION FOR REV. EDMONDS AND FAMILY

A large number attended the reception given for Rev. and Mrs. W. E. Edmonds last evening at the Presbyterian church. The social hour followed immediately after the regular mid-week Prayer Meeting. The Sunday School orchestra furnished music for the evening. The selections were exceptionally fine and delighted everyone. J. C. Sherer gave a word of welcome to the guests of honor in behalf of the members and congregation of the church, and Rev. Edmonds responded with a stirring and intensely interesting account of war conditions as he found them in the East, taking as the central thought of his talk the word "save."

The Pastor's Aid served refreshments with their unequaled grace and hospitality and the evening closed leaving the memory of another hour passed in happiness and Christian fellowship.

RALLY MEETING

Don't forget the Rally Meeting in the High School Auditorium at 8:00 tonight. This is an event of unusual interest, of patriotic and international character. There will be a small display of the work done by the Glendale Branch, in charge of Mrs. England, the president. Mr. Bernard Paul, the secretary of the Los Angeles office, will be chairman of the evening. Other speakers are the Rev. W. E. Edmonds of Glendale. Dr. Henry Boddington of the Royal Colonial Institute, London, Sergt. Major Mattier and Sergeant I. N. Finley, Canadian and British officers from the Recruiting Mission in Los Angeles. The national anthems of America and England will be sung by the audience. Mrs. Mabel Capell will sing the famous Woman's Recruiting Song, "Your Flag and Country Need You," also "My Ain Folk" and "Killarney." Miss Dorothy Hunt and Dorothy Morton will give an amusing sketch with army songs and dances and an imitation of the goose step.

Dr. Marple is unable to come owing to the postponement of the date, but the management is hoping to secure a substitute.

The handsome flags of the allies from the Intermediate School will be loaned for the occasion and escorted by some of the scholars.

There will be a silver offering for the newly organized Wool Fund. Every dime will help the knitters to make a pair of socks for a "Tommy" or a "Sammy." Free admission and everybody welcomed.

CHAPTER L. OF P. E. O.

Chapter L. of the P. E. O. met Wednesday morning at the home of Mrs. R. D. Goss, 708 West Fifth street, for a business session, at which delegates were chosen for the convention to be held at Orange, April 20th, and officers for the ensuing year were elected as follows:

Mrs. Nell Maxwell, President,
Miss Mary Blackburn, Vice-President,
Mrs. May Chase, Recording Secretary,
Mrs. Charlotte Campbell, Corresponding Secretary,
Mrs. Letitia Lusby, Treasurer,
Mrs. Pearl Tower, Chaplain,
Mrs. Mary Dickman, Guard,
Mrs. Edith Hunchberger, Journalist.

An intermission followed the business session and then the chapter was entertained with the usual luncheon at the home of Mrs. Genevieve Goss, 714 West Fifth street. Yellow was the dominating note in the floral decorations of the two hostesses.

SUDDEN ILLNESS

Mrs. J. W. Pearson of 1214 Broadway was taken suddenly ill Tuesday night and taken to Thornycroft hospital, where an operation for appendicitis was performed by Doctor T. C. Young, Wednesday evening. It was quite a severe ordeal, but the patient is doing nicely to date and to her great satisfaction has as nurse her friend Miss Bode, of 306 Orange street, who is on the staff of Thornycroft. Mr. and Mrs. Pearson say their friends have been extraordinarily kind in this emergency and they deeply appreciate it. Mrs. Pearson was one of the workers at the Red Cross rooms Tuesday afternoon and apparently in her usual health. During the night she was taken ill and on summoning Dr. Young learned that an immediate operation would be necessary to avert dangerous complications.

The loyal ones are buying War-Savings and Thrift Stamps.

AMERICAN WOMAN KILLED IN PARIS

MISS WINGA CAROLINE MARTIN WAS AMONG HUNDRED KILLED IN GERMAN AIR RAID

(Special Service to Glendale Evening News)

PARIS, March 14.—One American woman was killed and an American man and woman were wounded in Monday evening's air raid over Paris, it was learned today. The total casualties of the raid were 100 killed and 79 wounded. Miss Winga Caroline Martin was the woman killed.

RAINBOW TROOPS WALLOP ENEMY

GENERAL GIRARD OFFICIALLY COMMENDS CRACK PICKED DIVISION OF U. S. ARMY

(Special Service to Glendale Evening News)

WASHINGTON, March 14.—American soldiers of the crack Rainbow division walloped the enemy when they tried out strong sorties on the night of March 4, and received the official commendation of French General Girard, General Pershing cabled the War Department today. The Rainbow division was the first big unit to leave for France, and is made up of picked guard troops from nearly every state in the union.

CONGRESSMEN MAY SELL BONDS

IT IS SUGGESTED THAT CONGRESS TAKE RECESS TO TOUR COUNTRY IN INTEREST OF THIRD LOAN

(Special Service to Glendale Evening News)

WASHINGTON, March 14.—It was proposed today that Congress should take a recess to sell Liberty Bonds after April 6, when the bond campaign opens. The question will be brought before the House and Senate soon. It is planned that the Congressmen shall tour the country specially appealing to the farmers to purchase the bonds. The next loan is one of the critical points of the war, officials believe, and must bring the same hearty response as former loans. It has been pointed out that the farmers have not understood the importance or the security of the Liberty Bond heretofore, and therefore have been lax in subscribing. Congressmen, because of their close contact with their constituents, it is believed are the very persons to explain and urge subscriptions.

DYNAMITE IN SHIP YARDS

TWO HUNDRED FORTY-FIVE POUNDS OF EXPLOSIVE FOUND TO BE SECRETED AT HOG ISLAND

(Special Service to Glendale Evening News)

WASHINGTON, March 14.—Two hundred forty-five pounds of dynamite, enough to cripple the entire plant, was discovered to be secreted in various places about the Hog Island ship yards. Secret service men are on the case, and 600 guards have been thrown about the ship yards.

TROTSKY MAY ORGANIZE NEW ARMY

FORMER BOLSHEVIKI MINISTER BELIEVES RENEWAL OF WAR ON GERMANY UNAVOIDABLE

(Special Service to Glendale Evening News)

WASHINGTON, March 14.—Leon Trotsky, former Bolsheviki foreign minister, is talking of organizing an army under "iron discipline," to fight Germany. It is evident that he believes a renewal of the war on Germany unavoidable. This is the report Ambassador Francis, who is at Vologna, sent to the State Department today. He stated that Trotsky is very curious about the Siberian situation, and is sensitive regarding reports of any of the allied nations contemplating entering Siberia.

ZEPPELIN RAID OVER ENGLAND

(Special Service to Glendale Evening News)

LONDON, March 14.—One man, one woman and three children were killed in last night's air raid over northeast England. Nine persons were injured. This was the second Zeppelin raid over England in 24 hours.

ALLIES MAY SEIZE DUTCH SHIPS

(Special Service to Glendale Evening News)

WASHINGTON, March 14.—The United States and England have notified the Netherlands government that Dutch ships in American and Entente ports will be seized unless an agreement can be reached regarding tonnage before Monday, March 18. Such an act involves no new international law, but is merely the exercise of a recognized right.

GERMANS ATTACK HOSPITAL SHIP

(Special Service to Glendale Evening News)

LONDON, March 14.—The hospital ship, Guilford Castle, returning to the home port with the Red Cross sign displayed, was unsuccessfully attacked in the Bristol Channel, Sunday, the Admiralty announced today. The vessel carried many sick and wounded.

ON ARMY TRANSPORT

ASA BOTT, CO. C, 23RD ENG., WRITES OF HIS VOYAGE TO FRANCE

Mr. and Mrs. W. N. Bott, of 1659 West Broadway, are in receipt of several interesting letters from their son, Asa W. Bott, who recently arrived in France with Co. C, 23rd U. S. Engineers. Extracts from these letters will be of interest to the young man's friends here:

Feb. 3, 1918.

Dear Mother and Folks at Home:

You, no doubt, are anxious to know all about me and whether or not I have safely arrived at my destination in France. I am well and safe and sound.

There are many very interesting things to tell you of, some of which are prohibited by the censor.

There is no need to tell you how I miss mother's cooking and loving care, because you have always known how much I valued the words "home and mother." But I have no regrets for having chosen to take a part in this great world war for democracy and that I am able to do my bit.

Our departure from the dear old U. S. A. was not attended with any pomp or ceremony whatsoever. We just "folded our tent like the Arab and silently stole away." Sunday, January ....., we had a final inspection of all equipment and at 6:30 quietly boarded a train at Laurel, Md., bound for the post of embarkation. The curtains were all down and the men cautioned to be as quiet as possible to prevent any attraction to our train. We traveled all night and in the morning arrived at a railroad terminal across the ..... river from New York City. From here we ferried to the port of embarkation. On this ferry we had a good view of New York and its famous sky line. I surely was very glad to get even a look at this great sight but very sorry I didn't have a chance to go sightseeing as I had counted on it quite a bit and when I come back I will be too anxious to get home to spend any time sightseeing.

Monday about 1 p. m. we went aboard the transport (the name of which I will tell you later) and after much time and some trouble were able to locate our bunks and get ready to spend our first night on board an army transport. We slept in hammocks placed in tiers of three, one above the other. I was lucky enough to draw an upper berth. The beds are similar to a hospital stretcher.

The next day (still in harbor) it snowed about a foot and was very cold. Our only recreation was to go on deck and watch the loading of cargo. Finally at 5:12 p. m. we were all kept in our sleeping quarters while we pulled out of harbor, into the bay, where we anchored until 2:30 the next morning, when our great trip was begun. There were other transports in the same trip across with a cruiser as guard and we felt quite safe. Different routes are taken at each trip so our destination is a secret from us.

The fourth day out a strange ship was sighted on the horizon, which caused a great deal of excitement, but proved to be only a large trad-

(Continued on Page 2)

ARRIVED SAFELY

Mrs. Hallie Shaw Ilse, mother of James Henry Ilse, has received a card announcing his safe arrival in France with the Telephone and Telegraph Battalion. The news came to her through the Department at Washington and she hopes before very long to have a letter direct from Jim Henry. She has been in the habit of clipping from this paper all news items about his friends and forwarding the slips to him at intervals. He has written expressing his appreciation of her thoughtfulness and declaring it is one of the pleasantest features of her correspondence as it enables him to keep posted about his friends here.

HIS NATAL DAY

W. L. Andrews of 1552 Pioneer drive was the guest of honor at a dinner given in celebration of his birthday last Sunday by Mrs. Andrews, at which covers were laid for twelve. A birthday cake illuminated by fifty-two candles was the outstanding feature of the feast which was irreproachable in its appointments and in the quiet beauty of its floral decoration. The fortunate guests who enjoyed the hospitality of Mr. and Mrs. Andrews were: Mr. and Mrs. L. A. Myers, of Whittier, Mr. and Mrs. George Hanie of St. Louis, Mo., who are spending the winter in Whittier, Mr. and Mrs. Robert Reynolds, Miss Claudia Reynolds, Mrs. Snelling of Los Angeles, Misses Elizabeth and Mary Hanie.

AN EDUCATOR

JUNIOR RED CROSS SHOP VISUALIZES ART INSTRUCTION IN THE SCHOOLS

It was good news to learn that the Junior Red Cross Shop at Maryland and Broadway took in fifteen dollars or more on the opening afternoon in spite of the drenching showers which kept away many friends who had planned to attend. Stock is being renewed daily and there is the same chance to inspect and buy that Tuesday afforded. One of the new things brought in yesterday was a pretty child's swing, daintily decorated, which some little girl or boy is sure to want.

In conversation with the art teacher of the Intermediate School, Miss Jones, the fact was brought out that all the objects made by seventh and eighth grade pupils for the shop were designed by them and then produced in substantial materials. From the first grade up these boys and girls have been taught conventional designing until it is a perfectly natural work for them to do. This shop will make these designs an actuality and be a demonstration to the pupils and to their friends of their development along artistic lines, which are also practical lines since they are of commercial value.

The shop is of value too in visualizing the instruction Miss Jones has been giving. She made it the text of a talk on interior decoration which occupied the whole period devoted to art work Wednesday.

BIRTHDAY DINNER

Miss Marie Oliver of North Glendale gave her mother a delightful surprise dinner in celebration of her birthday last Sunday. Decorations in which narcissi, calla lilies and ferns were employed made a beautiful setting for the festival. Covers were laid for fourteen, the guest list including G. F. Wyvell and son Marshal of Los Angeles, Mrs. Abe Hart and son and daughter Jimmie and Fannie, from San Francisco, James Wyvell and Miss Cora Wyvell of Glendale, Mr. Briesely of Eagle Rock, Mr. and Mrs. N. O. Nystrum of Los Angeles.

Miss Oliver's dinner was highly complimented by all who enjoyed it and the inclemency of the weather did not dampen their spirits. Everybody had a jolly time.

"A LITTLE PATRIOT"

Mabel Todd, little daughter of Mr. and Mrs. R. S. Todd of 344 North Glendale avenue, certainly has the spirit of patriotism. The past week she has sold over $12 worth of tickets for the Cerritos School Junior Red Cross entertainment and $10 worth of tickets for the Acacia School Junior Red Cross dance.

When asked if she didn't think she deserved a free ticket to the entertainment she said she thought more of her country than to be given a ticket to help win the war. Mr. and Mrs. Todd should be proud of such a real patriot.

ALWAYS NEEDED

THE KNITTING OF SOCKS AND HELMETS MUST CONTINUE THIS SUMMER

There is to be no diminution of the knitted products of the Glendale Red Cross Chapter. As summertime is approaching and as wool is hard to get, Vice-Chairman Lawshe figured that perhaps members of the chapter could work upon something which would be of equal value, and wrote a letter to that effect, but he has received a reply from the Pacific Coast Division headquarters in San Francisco, stating that knitted articles will always be needed, especially socks and helmets, and that of the hospital garments the most urgently needed at the present time are bed shirts of bleached or unbleached muslin twill or daisy cloth.

The surgical dressings classes occupied the whole floor of headquarters yesterday and used the sewing machines, as the ladies who have been gathering there on Wednesdays were sewing elsewhere. Mrs. Cleveland was the instructor. Twenty-nine scultetus and 541 4x4 sponges were manufactured. The ladies who worked were Mesdames Archie Parker, Edgar W. Pack, Marie G. Field, John Baum, C. L. Bullard, A. L. Lawshe, C. B. Wilde, A. R. Hildreth, L. D. Webster, Willis Kimball, A. A. Burchfield, M. A. Reynolds, Harriet M. Nichols, C. Dorrance, H. M. Oswald, O. H. Barrett, and Elizabeth Chandler.

GLENDALE, CALIFORNIA, THURSDAY, MARCH 14, 1918

BLAME RESTS WITH PARENTS

Complaint has been made to the Evening News by newspaper agents who have locked money boxes at street corners that these boxes are being broken into and the money taken from them. This manner of theft has been going on for more than a year, and the report comes to us that several times boys have been found in the act of prying open these boxes and stealing the money. The blame of this petty stealing lies with the parents of the boys who are taking the money. Parents should know where their boys are and where they get the money they are spending. Heretofore, the Evening News has been slow to mention the names of boys who have been careless in their habits of honesty, and the editor of the News has been accused in thus doing of contributing to the cultivation of careless habits on the part of the boys. Now, dear parents, with all due respect to your feelings, you are now warned that you must consider it a part of your duty to keep in close touch with your boy, and see to it that he is not breaking a very important law. Keep your boys at home, and if permitted to go to another boy's home, see to it that they remain at that boy's home and that they are under proper influence while there.

To be frank about it, the editor of the Evening News thinks there has been entirely too much stealing by boys in Glendale in the past several years. The home is primarily to blame for these conditions.

THRUST UPSTAIRS

It is a dismal sarcasm to elect Joffre an academician, and thereby enroll him prematurely among the "immortals." More mortal honors are what Joffre had earned by valor and lost by politics. The "kicking upstairs" process had already gone far enough without at last enlisting the grand old marshal who saved France in a body of masters of impeccable French, whose chief collective service to mankind is the French lexicon.

Joffre's fate is an example to America of how not to do it. At the beginning of the war France was scared, so the politicians left Joffre alone. He would accept responsibility only on the condition of noninterference in the exercise of it. When the Germans invaded France, Joffre did the military thing, regardless of its probable effect on politics. He let the Germans come, and when they approached Paris he still let them come. Not until he was ready to stop them did he try it—and then he did stop them. It was a courage braver than fighting. But finally France felt safer, and the politicians came back into their own. Joffre was retired—perhaps properly, for he had already well reached the limit of one man's endurance. But his successor was deprived of the authority on which Joffre had insisted. The great drive of 1916 was bolted just as it promised to win the war; a million lives were probably sacrificed to save a few thousand, and the whole world will suffer for centuries because weak politicians usurped at a crisis the function that belonged to a brave soldier.

Meanwhile Joffre is kicked upstairs, and America is getting ready to learn by dear experience what might be easier learned by reading two chapters of recent French and English history.—Fresno Republican.

RESTRICTING SECURITIES SALES

The proposed restrictions by the Government upon the sales of stocks and bonds of non-essential enterprises, by whatever plan it may be imposed, will not be an unhealthful one. Nor will it interfere with the necessary development of the country. It will save to thousands a large sum of money in the aggregate which would otherwise go for worthless securities or others of a doubtful or contingent value. No license will be withheld for the sale of securities of meritorious enterprises, for all such or nearly all such enterprises would come under the head of essential industries. Any enterprise which adds to the country's production of whatever is needful or which keeps business running "as usual" may be regarded as an essential business.

We suppose, though, the line would be drawn at the stocks and bonds of corporations which promise only "long shots," whose propects of usefulness do not overbalance the government's needs for money which would otherwise be tied up in doubtful development.

Such a restriction would be the death knell of "wild cat" projects which still flourish in spite of "blue sky" laws, however rigidly they may be enforced.

Later if the government's need should demand it, the restriction would be enforced even against the strongest private corporations, for the prime object of the restriction is to remove private securities from competition with those of the government.—Monrovia News.

Divisional athletic directors who have received commissions will accompany their contingents to France, according to the War Department Commission on Training Camp activities. Boxing instructors will not be sent with the troops, as at present the need for these men is considered greater on this side.

RAILROAD GARDENS

Declaring that he "would like to see a good garden growing this summer at practically every section house," W. R. Scott, vice-president and general manager of the Southern Pacific Company has enlisted the company's army of employes in the campaign for assisting the food administration.

Scott has asked all Southern Pacific superintendents to encourage the planting of vegetables on company property wherever practicable. Agents, section foremen, and employes of the Maintenance-of-Way department from Portland to El Paso and San Francisco to Ogden are being instructed to convert to vegetable gardens all suitable ground around their place of employment.

In addition, the company is endeavoring to lease all cultivatable land which it owns, and where practicable, right-of-way land adapted to truck gardening or agriculture is being leased.

Last year's vegetable gardening was undertaken along the company's lines by hundreds of employes with great success. This year, the right-of-way vegetable will be produced in quantities that should have an appreciable effect on the H. C. L.

The interest accumulates on them just by keeping them, War-Savings Stamps, we mean. You should buy them.

ON AN ARMY TRANSPORT

(Continued from Page One)

ing schooner. We experieneed some of the ocean's worst storms. Not one day pasesd without rain or a very heavy wind. One night especially the ship rolled back and forth at an angle of 30 or 40 degrees and everything that wasn't tied down went scattering. A full canteen of water left its mark on the bridge of my nose, which woke me at once.

Our food is good and plentiful. I am some seaman and stood the trip without feeding the fish.

We have no lights between 4:30 p. m. and 7 a. m., breakfast at 8:30, lunch at 12 and dinner at 4. Between eating times we either read or take a stroll on deck. We are now within a few days' voyage of our European port.

If you don't hear from me for long intervals keep on writing as I will look for every little word from home.

With lots of love, from your devoted son.

Feb. 10, 1918.

My Dear Mother:

I hope that no word came to you that the first battalion of the 23rd Engineers had been sunk on the Tuscania. We were not on that ship and are perfectly safe somewhere in France. I surely hope there was no worrying in Los Angeles or Glendale.

I am well and feeling fine. Feel just like going after the Kaiser and bringing home a button off his shirt for a souvenir. We are fed well, have good sleeping quarters and are able to work hard. Friday evening we were given a reception by the Y. M. C. A. at the hut. The secretaries gave welcoming talks and told us of some of the customs of the French people. After the program the ladies served us hot chocolate. The ladies are here doing whatever is needed to be done, clerking in the Y. M. C. A. canteen, leading Bible classes, etc. They are doing much to brighten the hearts of the boys here at the front. They are over here at their own expense. The government furnishes them one meal a day.

It surely felt good to put our feet on good old Mother Earth after such a long voyage.

France is surely a most beautiful country. Everything is covered with greenery and there are many little green hills and vales. Our first sight of France in the harbor is one that I will never forget.

Last night the Y. M. C. A. was crowded to hear a colored band belonging to the regiment. The good old southern music was a great joy to us.

This afternoon I took a walk all around the place here just sight seeing. I haven't enjoyed such a fine walk in many a day. Every now and then we met a Frenchman who would say "You are welcome." They are so glad to have us here they have learned that much English.

The French money system is very simple when you know how to count it. One franc is equal to about 20 cents and there are 100 centimes to one franc. I am learning to speak a little French.

We are going to have to work hard from now on, so letter writing will be a secondary matter. Somebody from Los Angeles sent a large bundle of Los Angeles papers to the transport to be given the boys to read and I certainly enjoyed them, even if I had seen them once before.

If you worry, Mother, it will make it lots harder for me to help win this war, so keep up a brave heart as I am perfectly safe and in the best of health. Be sure to write lots of news about everyone. With lots of love and kisses from your soldier boy in France.

Feb. 15, 1918.

Dear Mother:

Am enjoying the best of health and able to eat three square meals a day. could eat four if they passed it out. We have not started actual work at road building yet, but expect to move from this camp tomorrow for a place where roads are very much needed. I will be glad to get down to work and go after the Kaiser in our way, which is keeping the roads in shape. France is surely a place with a beautiful climate and pretty green landscapes. The cities and people we have seen so far are the older French types, such as those who still wear the wooden shoes and live in sod or concrete houses where the living room is on one side and the stable on the other. Everything is so quaint and old, such as pictures we see of Dutch peasants.

I haven't as yet received any word from home but am waiting patiently and anxiously for the first letter.

Monday morning I left this camp with 20 other fellows for detail work about ten miles from here. We worked four hours and then had eight off. Had extra good eats while there.

The Y. M. C. A. surely adds a great deal to camp life. If it wasn't for the Y. M. C. A. we would get homesick.

The company has been laying sewer for the camp here and this is the first day we have had off.

I must close as time is limited, but will write again soon, with lots of love and kisses from your loving son,

ASA.

GLENDALE CHAMBER OF COMMERCE

By Walt. Le Noir Church

In closing my work as secretary-manager of the Glendale Chamber of Commerce, the year for which I was employed having expired, I would like to express my sincere thanks and appreciation for the many courtesies received from the citizens of Glendale and from the public press, particularly from the Glendale News and the Sentinel-Progress, which have published many columns from my pen about the Chamber of Commerce, the Red Cross and other things making for the prosperity of Glendale. If nothing further had been accomplished beyond getting the local Exemption Board moved from San Fernando to Glendale, that alone would have justified the Chamber of Commerce.

Because of the war and the need for saving money along every possible lnie, it is wisely and patriotically decided to employ no paid secretary of the Chamber of Commerce till conditions change for the better.

My home will remain in Glendale, the city of my choice, and I shall be busy as secretary and organizer of "The Californians," a non-partisan, non-sectarian, "non-sectional-within-the-State" Association for the promotion of California and the welfare of all Californians.

The future looks bright for this Empire State of the Golden West. More of good will be achieved within the next ten years, perhaps, than in any previous decade of her existence, and it is hoped and believed that "The Californians" will well and truly do its bit.

So, with great pride and affection for Glendale, my own home city, I can say with all feelings of good citizenship and good fellowship:

"To the Glendale Chamber of Commerce, 'Vale!'"

"To the new society, The Californians, 'Hail!'"

Glendale, Calif., March 14, 1918.

TO ENTERTAIN JANE ADDAMS

Jane Addams of Hull House, who is being employed by the government to work in the campaign for food conservation and who is in great request as a lecturer, will be guest of honor and chief speaker at the luncheon and meeting of the Woman's City Club in Los Angeles next Monday. As this is the only Los Angeles club which has been able to engage her, special arrangements have been made to give all club women an opportunity to attend and they will be admitted on presentation of the membership cards of their respective clubs. Dr. Jessie A. Russell, who gives the information, states that luncheon guests must make reservations early in the forenoon.

I want clear city property to half value, balance mortgage. See Platt, owner, at Hotel Rossmore, Santa Ana. 160t6

COUNTY FINANCE

The contract under which Los Angeles county undertook to sell to the city of San Fernando gravel from its Pacoima pit at 15 cents per yard in the pit or loaded on wagons at 35 cents per ton, has not worked out as expected. A yard weighs about 2700 pounds. The city trustees objected to the high price and think it would be cheaper for the county to have the gravel shoveled into the cars by hand than to use a steam shovel. The county road department claim the figures mentioned represent actual cost to the county, and say that owing to inability to get cars, the crew is idle part of the time, and that runs up the cost. San Fernando is considering getting gravel elsewhere if the price holds.

Personals

Mrs. D. Yoder of San Fernando visited in Glendale last week.

Mrs. Jesse Joseph, of 1431 West First street, left Saturday for San Francisco.

St. Mark's Auxiliary will meet with Mrs. Porter, 823 North Brand boulevard, Friday afternoon at 2:30 o'clock.

The Thimble Club of the Pythian Sisters meets this week with Mrs. George Marak, corner of Bonita and Gardena avenues.

Miss Helen Ashbaugh, who is taking the nurses' training course at the Glendale Sanitarium, has been visiting her mother, Mrs. F. T. Ashbaugh, of San Fernando.

Mr. and Mrs. C. M. Turck will spend Friday in Los Angeles as guests of Mrs. Albert Hayden of Chicago, who has been spending the winter in Southern California.

Girls of the Round Table have postponed the meeting they expected to hold this week and will be entertained Wednesday evening, March 20th, by Miss Blanche Shea of 308 Brand boulevard.

Mr. and Mrs. John H. Braly and their son-in-law, Charles Kirk, who motored to San Diego for the great military review, were the luncheon guests of Colonel Abbott at Camp Kearny and stopped at the U. S. Grant hotel.

Glen Eyrie and Eagle Rock Chapters O. E. S. will hold a joint meeting tonight at Masonic Hall. The Grand Officers will make their official visit tonight and all Eastern Stars of the valley are cordially invited to attend.

J. Walter Eames of Telluride, Colorado, is the guest of his brother, Dr. E. Leslie Eames, of this city. They leave Tuesday for Camp Lewis, Washington, to see Dr. John Eames, their brother, before he leaves for the front. They will be gone about two weeks and will go by boat and return by train.

Mrs. Annie Fanset of 133 North Louise street will entertain the Glendale City W. C. T. U. Friday afternoon, March 15th. The meeting will open at 2:30 sharp. This is a red letter day for Mrs. Stevens and the Union Signal, and an interesting program will be given. A full attendance is urged and all visitors will be welcome.

Another appreciative citizen of the United States has succumbed to the charms of Glendale and will, it is said, make her permanent residence here. Mrs. Harriet Bankes of San Francisco is the discriminating resident to be. With her daughters Nora and Amy she has been the guest for several days of Mrs. Eleanor A. and Miss Ina Whitaker of 208 West Ninth street. She will live at 541 Kenwood avenue.

Members of the Young Ladies' Missionary Society of the Presbyterian Church will have a social meeting at which their husbands and friends will be entertained, which will be held at the home of Mrs. Reid Fulkman, 909 Chestnut street, this (Thursday) evening. After a very brief session a program will be given in which Mrs. Cameron Johnson will personally conduct the company on a tour of Japan, and musical numbers will furnish variety.

ATTENTION, FATHERS

The Glendale Federation of Parent-Teacher Associations holds an evening meeting especially for you. The mothers are also invited, but this is "Fathers' Night." Everybody is aware that a father is just as much interested in the welfare of his children as is the mother of the family. That has always to be taken for granted. But this time we insist that nothing be taken for granted. Do not be a slacker, Father, but come to this fine meeting and hear what the Glendale schools are doing for your boy and girl. If your interest is at low ebb, this will not only stimulate it but keep it at red hot enthusiasm. Keep this date in mind or mark it on your calendar: Monday evening, March 18th, at 8 o'clock in the High School Auditorium. Bring all your friends. We will welcome them heartily. The following program will be given.

JUNIOR AMERICAN GUARD

A company of Junior American Guards has been organized here by Major Warren E. Dennis, Jr., an officer in that organization. He furnishes the information that the Junior American Guard has a membership of about twenty-five thousand boys and there are units of the organization now in twenty-four states, the headquarters being at 70 Wall street, New York City.

General George R. Dyer, who is the commander of the home defense organizations in New York State, is the president, and among others on the advisory council are General Leonard Wood, Colonel Bates and Lieut.-Colonel Sidney Grant.

All boys of eleven and over are welcome to join the company that is being organized. Drills are held once a week. The uniforms can be gotten at the headquarters in New York and cost about five dollars. A meeting and drill was held Wednesday night at which about twenty-five boys joined.

N. C. Hayhurst of the High School was present at the meeting and will assist Major Dennis in organizing the company.

There will be another meeting next Wednesday night. Boys desiring to join the Junior American Guard should communicate with Major W. E. Dennis, Jr. Address General Delivery, Glendale, California. Boys who belong to the Boy Scouts of America will not be accepted.

MR. AND MRS. PETTY ENTERTAIN

Mr. and Mrs. Harry Petty of 1446 Riverdale drive, were host and hostess at a very pretty dancing party given at their home Monday evening at which about thirty-five friends from Hollywood, Los Angeles and Glendale were entertained. The house was charmingly decorated with acacia boughs and blossoms, Japanese lanterns adding a brighter note of color. Music was furnished by the Stewart Orchestra of Hollywood, and refreshments were served at the close of the evening. Following is a partial list of the guests:

Mr. and Mrs. J. R. Rudell and son Jack, of Hollywood; Mr. and Mrs. Button of Los Angeles, Misses Adelaide Godfrey, Mabel Lewis and Mabel Clapsidel of Hollywood, Mr. Cox, Hilding Wallberg and Miss Mabel Stewart of Hollywood, Mrs. Taylor and Miss Marguerite Taylor of Los Angeles, S. R. Dixon, Mr. Porch, Mr. Leeke and Mr. and Mrs. L. W. Ely of Glendale, Mr. and Mrs. Lukenbaugh of Hollywood, Mr. and Mrs. Kenzer and daughter Selma, of Highland Park, Mrs. G. E. Clayton and son Gordon, and Paul Steinmyer of Glendale, Mr. and Mrs. F. G. Carlisle of Hollywood, W. B. Wilkinson and Miss Phillips of Los Angeles, Miss Lillian Gill of Glendale, Mrs. Grace Emmons of Ocean Park, Mr. and Mrs. Hefflen of Los Angeles.

CHILDRENS' DANCE

The senior or most advanced class of pupils in the Pearl Keller School of Dancing will enjoy their regular monthly party Saturday night at the Bungalow Studio, corner of Brand boulevard and Laurel street. On account of the many children now taking instruction, Mrs. Keller has been obliged to divide her primary classes, and now has three which meet on Saturdays, viz.: the little tots of 4, 5 and 6 years dance in the morning from ten to twelve o'clock; the intermediate class meets from 1:30 to 3 p. m., and the advanced pupils from 3 to 5 p. m.

THE MAN WHO QUITS

The man who quits has a brain and hand
As good as the next, but lacks the sand
That would make him stick, with a courage stout,
To whatever he tackles, and fight it out.

He starts with a rush, and a solemn vow
That he'll soon be showing the other how;
Then something new strikes his roving eye,
And his task is left for the bye-and-bye.

It's up to each man what becomes of him;
He must find in himself the grit and vim
That brings success; he can get the skill,
If he brings to the task a steadfast will.

No man is beaten till he gives in;
Hard luck can't stand for the cheerful grin.
The man who fails needs a better excuse
Than the quitter's whining, "What's the use?"

For the man who quits lets his chances slip,
Just because he's too lazy to keep his grip.
The man who sticks goes ahead with a shout,
While the man who quits joins the "down and out."

—J. T. B.

Partial free mail delivery will be inaugurated in San Fernando April 1st. It will cover only the improved streets where it will be easy for the carriers to get around. There will be two deliveries daily in the business section and one in the residence districts. It will not extend to the territory covered by free rural delivery.

HOW TO SAVE EGGS

(Continued from Page 1)

from our government for further wheat conservation and the substitute flours are opening a wide field for new and appetizing dishes.

Barley pie crust proved as palatable as the old-time wheat flour. It is more difficult to handle as it does not roll out so easily or smoothly, but when baked proved very tasty.

Some time was spent by Mrs. Hazzard in discussing the value of the well-balanced meals and urging mothers to pay especial attention to the feeding of children. Our government is warning us to be doubly careful of the children to see that they do not lack the proper nourishment when we are so busy in doing our bit for the war.

Our families must not be neglected and yet we must do our big bit in sending the necessary supplies to our allies. It is especially desired that ladies connected with the hospitality committees of the various churches and other organizations should attend these demonstrations. "Food will win the war" and it is up to each woman in Glendale to become versed in the art of substituting other flours and save our wheat for our own boys and the boys of other mothers of the allies:

Milo Maize Yeast Bread

1 cup scalded liquid
1 cup Milo Maize (ground)
1 teaspoon salt.
1 tablespoon shortening
1 tablespoon sweetening.

Mix together. Cool and add ¼ cake of compressed yeast dissolved in 2 tablespoons water.

2½ cups wheat flour. Knead into loaf. Put into greased pans. Let rise in warm place until a little more than double. Bake 1¼ to 1½ hours.

Meat Substitute

1 cup boiled rice
1 cup bread crumbs
1 cup walnut meats, cut up fine
Salt to taste
Dash of paprika
Suggestion of nutmeg
Yolk of 1 egg
½ cup white sauce.

Form into loaf on well-greased shallow pan. Over top put 1½ tablespoons fat and 2 tablespoons water in pan. Bake and serve with tomato sauce.

Barley Pie Crust

2 cups barley flour
1 teaspoon salt
1 teaspoon baking powder
1-3 cup shortening
About 1-3 cup liquid

Rice Flour Crust

1 cup rice flour
½ cup wheat flour
1 teaspoon salt
About 1-6 cup shortening
About 7 tablespoons liquid

The amount of liquid varies as the rice flour varies in dryness.

Steamed Brown Bread

1 cup barley flour
1 cup rye flour
1 cup corn meal
½ cup sweetening (half molasses and half brown sugar
1 teaspoon soda.
2 teaspoons salt.
A little more than 1 cup sour milk—enough to make drop batter.

Steam for 1½ hours. Raisins may be added.

COLORADO BOULEVARD P.-T. A.

The Colorado boulevard P.-T. A. meeting, postponed from last week on account of the rain, will be held Friday afternoon at 3 o'clock. Speaker, Mrs. Charles H. Toll. Other speakers will give short addresses. The Junior Red Cross blanket will be on display.

WEST GLENDALE W. C. T. U.

The West Glendale W. C. T. U. met Tuesday afternoon at 2:30 at the home of Mrs. Richard Stine, 1620 West Broadway. Mrs. W. M. Woods led in the opening prayer and Mrs. Stine read as a Scripture lesson the first chapter of Second Peter.

Mrs. Waller gave the treasurer's yearly report. She reported that seventy-seven dollars have been taken in by the West Glendale Union during the past year, about half of which was donated to the war fund.

Mrs. Woods read from the Union Signal an account of a W. C. T. U. social given recently to our sailor boys in Philadelphia.

After the meeting adjourned, a short time was enjoyed socially.

PLANT SALE FRIDAY

Do not fail to patronize the plant and flower sale, Friday, at the Red Cross shop, either by donating plants and flowers or by purchasing some. Every Friday. Young plants of any flower or vegetable are desired, also potted plants, ferns, cut flowers, etc. Phone Glendale 394 or Glendale 386-W.

DINNER PARTY

Twelve guests will enjoy the hospitality of Mrs. Colin Cable at a dinner party which she is giving this (Thursday) evening in honor of Mrs. Charles Bosserman and Miss Jennie Freeland of La Porte, Indiana. Gathered around the board will be Mr. and Mrs. Le Roy Bosserman and their two sons and Mr. and Mrs. L. V. Ashton of Glendale, Mrs. J. H. Emerson and Francis Klittel of Los Angeles.

Start Him Off to Service

with a good breakfast. Make sure of its goodness by coming here for the coffee, pancake flour, syrup, cereal and any other thing you think he would like. He will be sure to like it if it comes from this grocery. Highest quality is the rigid rule here. And littlest prices are equally our custom.

HARTLEY SHAW.

KANSAS WHEAT ACREAGE PROMISES RECORD CROP

TOPEKA, Kans, March 14.—Kansas will answer the cry of the world for food this year, by contributing millions of bushels of wheat to be doled out to America, the allies and the few remaining neutrals.

Despite reported threats of reduced acreage if higher prices were not fixed for the 1918 crop, the best information obtainable indicates the appeal to the patriotism of the farmers made by President Wilson in his announcement of the wheat price schedule will meet with an overwhelming response from the wheat-growing sections. Last year, Kansas farmers sowed 9,000,000 acres of wheat. Only about 4,500,000 acres of this was harvested, owing to adverse weather conditions—and the net yield was approximately forty million bushels. An equal, if not greater, acreage, which seems assured, will yield a much greater crop, with fair weather conditions this year.

The Kansas state defense council, anticipating the laboring needs of the farmers, is rapidly mobilizing the "boy power" of the state to meet the deficiency caused by enlistment and the draft. Through the county councils, a "Boys Working Reserve"—designed to include every youth too young to serve the colors, but anxious to participate in the struggle for democracy is being organized. These boys will take the places in the harvest fields left by the men "over there."

Hundreds of Kansas schools are holding six day sessions, at the suggestion of Governor Arthur Capper, in order to close school earlier in the summer, thereby releasing thousands of youths and male schoolteachers to assist the farmers.

PIG CONTESTS

Professor Schoeffel, the instructor in agriculture of the Lankershim school, is endeavoring to inaugurate a pig contest among the boys of the school. He went with them to the pens on the ranch of Anita Baldwin, who has agreed to furnish pigs with a limit of two to a boy, at $6 per head, and the teacher is hoping parents will give the necessary encouragement. Mr. Schoeffel is offering a week's trip to Santa Barbara and a chance to visit the big ranches of that vicinity as a prize to the boy or girl who does the best work in agriculture this spring.

POTATOES

It seems as if everyone is planting potatoes. Not only in Lankershim, but all through the valley, says the Lankershim Laconic. Truck-load after truck-load of seed potatoes are seen going by. Chinese and Japanese have leased large acreages for potato raising, and they generally know what they are doing. The largest part of them are already in and another crop can be raised later in the summer.

WAR ON WASTE

Electrical Equipment in Your Home Will Make It Easy For You To Conserve

FUEL-- The Government has asked that we save our fuel. We can do this best by utilizing electricity wherever possible.

FOOD-- Foods cooked electrically (especially if baked or roasted) are more wholesome, lose less weight, size and food-value than when cooked any other way.

TIME AND LABOR-- With so many other essential duties you will find Electrical Equipment a great time and labor saver in your home. Are you using it to the fullest advantage?

CITY OF GLENDALE
PUBLIC SERVICE DEPARTMENT

DEFIES DEATH

Ontario, California, has a brave man who was spurred to heroic deed by the thought of his wife and children. The account of his act was published in the Pomona Bulletin, as follows:

Spurred by the thought of his wife and babies sleeping peacefully in the rear of his oil filling station on East Holt avenue, in Ontario, Jack Gullock risked instant death and qualified for a Carnegie medal when he crawled through a veritable downpour of gasoline from a broken tank on an auto truck to extinguish an oil tail-light which at every instant threatened to ignite the inflammable liquid.

A large truck with a 500-gallon tank full of gasoline strapped down with iron bands drove into the filling station about 11 o'clock last night. The driver attempted to drive under the pergola in front of the station and in so doing caught the great tank and split it open. As the gas poured out in a perfect torrent, Mr. Gullock noticed that the tail-light beneath burned oil.

A second's thought of his wife and kiddies asleep in the rear decided him and he plunged under and successfully extinguished the light. Emerging, his clothes were so drenched that he was obliged to make a complete change.

More than 200 gallons of gasoline flooded the ground about the station and Mr. Gullock, fearing that someone might drop a match on it, was obliged to remain up the remainder of the night to protect his property.

IN HALF MOURNING

Miss Annette Benton, on returning from a visit, brought a gift to each of her mother's negro servants. It was the "day out" for Lily, the housemaid, so Annette distributed her gifts, reserving for Lily a scarlet silk blouse.

"That won't do," said Mrs. Benton. "Lily is in mourning."

"Mourning?"

"Yes, for her husband; he died in jail, and Lily's wearing a long crepe veil."

When Lily returned her young mistress expressed regret. "I'll give the blouse to Lizzie," she said, "and get you something else."

Lily looked at the blouse, then she swallowed. "Don't you give that blouse to Lizzie, Miss Annette, cause nex' mont' I'se gwine out a mournin' from de waist up."—Ex.

LA CANADA

La Canada Water Co.'s new board of directors was elected at the meeting held Monday, March 11. The Board members are as follows: Anton Williams, Henry McKay, Malcom McNaghten, William Jewett and Frank Lanterman. C. B. Anderson, who recently moved to Eagle Rock City from here, was present and made his reports and turned in his books.

The meeting called last week for Tuesday of this week at the school house was very meager as to attendance on account of the weather, but speakers from Pasadena were not daunted by the rain. Mrs. Ousley and Miss Bissell have been recently appointed as a sort of visiting committee and to help arouse more enthusiasm, which the small number of ladies that comes either one or two days a week shows we need. You know we are told over and over that on the women of the U. S. depends the outcome of the war. Now has come a renewed call for more surgical dressings, more hospital supplies. On these may depend the health, life itself, of one of our own dear boys. Are you really sacrificing to help? Couldn't you sacrifice a little more? In order to meet the increased demand there must be more help. If the women can't do more, perhaps there are men who can. In Pasadena a night class has been formed where husband and wife work with other men and women and are accomplishing a pile of work and doing it well, too. Let us not be weary, but cast about for means to do more service.

The monthly meeting of the Missionary Society occurs Wednesday of next week at the home of Mrs. Waterman. Mrs. Maynard has charge of the program. A cordial invitation is given to all ladies in the community to attend.

Mr. and Mrs. H. L. Cooper attended the big parade at Camp Kearny last Saturday, making the trip by water. The rain had put off the event from time to time, but on Saturday scrapers tackled the mud, after which it was rolled and was altogether put in fine shape. The sad thing to Mrs. Cooper was that six men out of each company were sent east to some Atlantic port that night.

The C. E. Convention convenes at Santa Monica on March 15 and continues the 16th and 17th. The address at each session will be of a military character. Special cars will serve the public from Los Angeles, Whittier and Pasadena.

Shoes are high in price in the U. S. but at the front $60 must be paid for a satisfactory shoe. This is English make.

Red Cross Salvage is asking for 1000 one-gallon corn syrup or Crisco cans or similar ones with the covers.

This warning is issued to Red Cross sewers: "Use pencil or chalk for marking notches in garments instead of cutting the cloth.

In answer to the inquiry made as to the meaning of "soviet, a morning paper states: "It (the soviet) is comparable to the election district in American political life. The all-Russian assembly of soviets meets at Moscow."

Mrs. Hamilton, the kind-hearted janitress of the schoolhouse, has been trying to spoil the teachers a bit. On Washington's birthday she served them tea and cakes. At odd times a cup of coffee or a similar kindness appears as a surprise.

Miss Hausam's pupils have collected $33.75 for War Thrift Stamps, of whom the following hold War Savings Certificates: Violet Hall has 2, Pearl Slutman, Roma Penfield, Honore Griffin, Lois Griffin each have one.

In Miss Horne's room Hallie Griffin and Alta Lea each have a certificate. Those holding War Thrift Stamps are Katherine Maynard, with 12 to her credit, Robert Slutman has 3, Emily Moses 3, Inger Nyby 8, Julia Oliver 12, and Alfie Oliveri 1. This is up to date. The children have done well, haven't they?

There have been two large properties changed hands in the last few days in La Canada. Ex-Lieut. Gov. Wallace has sold his beautiful mountain home to Mr. Strong of the Marsh, Strong Co. of Los Angeles. Mr. Strong is one of the moneyed men of Los Angeles. The family was to have moved on Monday. This throws Mr. Nyby out of work and unless he can find employment here, the valley will lose one of its fine families.

The old Cutler ranch, recently styled the Allendale ranch, which was bought by Mr. Riggs of Altadena, has been sold again by him to Lucien Gray, who bought the old Schieffelin place.

Nelson Nyby, an expert carpenter, has been doing the inside finishing in the A. G. Williams residence. He also built the Robert Waterman home. Both patrons speak highly of him and would be glad if he can find enough work to keep him in the valley. Mr. Nyby has been living at the A. G. Wallace ranch, the recent sale of which has compelled him to move to Glendale.

Our recent period of rain may be supposed to have ended. Some minor washouts have been reported, causing some loss and inconvenience. As clouds are said to have a silver lining, the good resulting to crops may be that lining and prove golden as well as silver.

If that storm drain on the school premises had been built prior to this storm, as was expected, much trouble would have been avoided there.

Mr. Sturtevant, whose home is on La Canada boulevard, with his daughter, Mrs. W. T. Selleck, met with an accident Saturday last after coming home from Pasadena on the 3 o'clock stage. He had started to walk home when a large roadster, turning a corner, ran into him, knocking him down. While the casualties were of a minor character, such as skin abrasions, a black eye, and so forth, Mr. Sturtevant suffered from the shock. The careless driver did carry Mr. Sturtevant home but forgot to leave his name.

The regular monthly meeting of La Canada Farm Bureau, which had been postponed, will be held Thursday evening, March 21, at La Canada schoolhouse. Dr. J. Eliot Coit will be present and it is desired that all members attend. Also a cordial invitation is given to every one interested. By order of H. S. Bissel, President, and J. W. Seright, Secretary. Light supper will be served to all at 6:30. The ladies of La Crescenta uniting with the ladies of La Canada in furnishing and serving.

The next Improvement Association meets on March 30 at the schoolhouse. It is at this meeting that the new Service Flag is to be dedicated. The exercises promise to be interesting. There have been so many good things lately, but of course the Service Flag is pre-eminent with all. Program will be given next week.

The Junior Red Cross showed itself very versatile at their benefit last Saturday night. The program was listened to with much interest and entertainment. There was supper served and popcorn and articles made by the Juniors for sale. A fine bit of crochet made by Pearl Slutman sold for $2.50. Altogether the benefit netted $30.

On the evening of March 23 Mrs. Myron T. Hunt, the head of the Navy League, is coming to talk on matters of vital interest in connection with her work and on the need of enthusiastic co-operation. There will be other things on the program of much interest. Refreshments will be served, with no charge. Are you interested enough in the vital questions absorbing our nation to make one of the audience in listening to Mrs. Hunt, who is a lady of unquestioned ability and earnestness?

Mrs. W. T. Selleck's brother from Braly was a guest of Mr. and Mrs. Selleck over Sunday.

W. T. Selleck is the dinner speaker at the Redlands Chamber of Commerce Saturday of this week.

La Canada Red Cross is invited to attend Pasadena Red Cross work room to become acquainted with workers there and incidentally to see how their work is done. Lunch will be served for 25 cents. The date for this event is Friday, March 22. Notify some member of the board if you will that you expect to attend, for the intention is to go together.

A. G. Williams' rain gauge shows the total precipitation for the season to be a fraction over 20 inches.

Mr. and Mrs. Dutone have been in Los Angeles lately repairing and freshening up their numerous rental properties.

ACCIDENTS ARE FEW

Records of the War Department show that from the beginning of training in June, 1917, to February 22, 1918, the fatalities at military aviation fields in this country have been 51; 10 officers and 29 cadets killed in training flights, and 12 men killed in unauthorized flights and ground accidents.

Since the training began in the United States, student aviators have flown considerably more than 100,000 miles. Hundreds of hitherto inexperienced men have been learning to fly. Their early flights are under the guidance of instructors, and prior to these flights two or more months are spent in preliminary ground work. There comes a time, however, when every student aviator must take his machine up alone, and every precaution has been taken to reduce the number of accidents and safeguard the aviator in his solo flights.

War savers save the lives of our soldier boys. Buy War-Savings Stamps.

BUY THRIFT STAMPS

—and help keep the Torch of Liberty burning.

The savings of every man, woman and child are necessary if we are to hasten the victorious ending of the war. War Savers are Life Savers.

A single strand in the cables which uphold the Brooklyn Suspension Bridge is weak in itself, but united with thousands of other strands upholds one of the great thoroughfares of the world. Your Thrift Stamp is like the single strand. Get a card and start—today.

Glendale Sanitarium

BONDS INVALID

Backed by a protest from many prominent citizens of Hollywood against the disposal of Hollywood water bonds, a suit has been filed in the Superior Court to enjoin the sale on the grounds that the election held two years ago was invalid.

H. W. Kelly, who instituted the action through his attorneys, claims that another election is necessary before the bonds can be sold.

When the bonds were first issued a rate of interest not to exceed six per cent was fixed. Later the council passed an ordinance allowing for only five per cent. Then a new ordinance was passed amending the original. The last action provides for a five per cent rate on the bonds already issued and a five and a half per cent on the remainder.

If this injunction is sustained the people of the Hollywood district must go over again the work that has already been accomplished.

The Lankershim Chamber of Commerce is endeavoring to secure the location in that city of a camp of the Half Century Association, an organization which has announced an intention to establish camps for the employment of laborers to serve the double purpose of providing employment for men over fifty, and of aiding the farmers in getting the help necessary for increased food production. It has been stated that a camp would be established somewhere in the San Fernando Valley.

ORANGE DROP LOSSES

J. Eliot Coit, who is the Director of the Farm Bureau in which Glendale and Burbank are situated, is credited with authorship of one of the most valuable works on citrus culture which has ever been published. In conjunction with Robert W. Hodgson he prepared a bulletin on the dropping of the orange crop which costs the State of California from $1,250,000 to $1,750,000 annually. From the bulletin, which has been published by the University of California College of Agriculture, the following is taken:

The drop itself can be separated into two parts, that occurring from petal fall until the fruit is about an inch in diameter, and that occurring after that time. The first part is much the more serious, and is due to abnormal water relations which serve as a stimulus to abscission. The second part is the less important and is due to the fungus Alternaria citri, which is also the cause of black rot of navel oranges.

All the more recent fundamental plant physiological work has indicated that, for the temperate zones at least, the water relation is the limiting factor in plant growth in the open. In considering the prevention or control of the "June drop," growers will find it wise to modify environmental conditions, both above and below ground, to reduce the extent and amount of any water deficits which might prevail. A second means may develop in the discovery and propagation of chance sports or mutations which may be satisfactory in other ways, yet to a degree resistant to the conditions which produce the "June drop." But of these two, the former seems, so far, to bring the more immediate results.

Those further interested in this matter may write to the University of California College of Agriculture, Berkeley, for bulletin No. 290, "The June Drop of Washington Navel Oranges," by J. Eliot Coit and Robert W. Hodgson.

Y. W. C. A. EXTENDS WAR WORK TO COLORED GIRLS

WASHINGTON, March 14.—American women are caring for the welfare of the colored women engaged in war industries.

They are extending all efforts in organizing the colored women into effective organizations for the carrying out of necessary constructive national measures among the colored population.

Through their welfare organizations the American women are taking necessary steps to guard the morality of the numerous colored girls employed in munition factories and in other war industries.

As one of the prominent national woman's organizations that has taken up the problem of guarding the welfare of the colored woman war worker is the National Y. W. C. A., which is putting through an elaborate program to that effect.

Of the 4 million dollar budget of the Y. W. C. A. $200,000 is to be used for war work among the colored women and girls.

Among the features of the association's program is one to furnish leaders among colored women to train them to carry on the work among their own race.

The association is taking care of emergency housing in war industrial centers where the government factories employ colored as well as white girls.

Lectures on social morality for groups of colored women near the cantonments is one part of the welfare work by the association.

For this purpose the association has secured a list of all the colored women graduates from medical schools of the country for the last 20 years.

Organizations of colored women for war purposes is proving a difficult task, because of the absurd rumor prevalent even among them.

Many refused to register in one city because they believed they would be sent to fight the Germans, like the Russian women.

TRACTOR SCHOOL

The San Fernando high school has planned to conduct a tractor school for the students of the school and for any one in and around San Fernando who wishes to learn more about tractors.

It has been able to secure the co-operation of several of the leading tractor firms, who will donate their tractors and men to operate them.

There will be nothing for sale at this school nor will there be any selling talks. The school is conducted simply that the student may have a better knowledge of what a tractor can do and how to get the best possible service from it.
